What makes me so very special?

Here are the top 5 reasons, my clients choose me over the endless amount of competition within the Inland Empire. I am very proud to say that I've gone beyond all my clients' expectations. Expect to be pleasantly surprised with my services.

100% Money Back Guarantee

I guarantee that if you don't LOVE your photos, I will give you a full refund!

THE Portrait Specialist

While those other photogs shoot everything from cars to models, I focus all my skill on making The everyday person look AMAZING!

High-End Photography

I'm Not your run of the mill Photographer. I have experience, skill, and training over my competition.

Unique Prints

My Prints are of the Highest quality around. Not only that, but I can almost guarantee you haven't seen prints like mine any where else.

Customer Oriented

While still being friendly and humorous at times, I show the utmost professionalism and concern for all my clients.

So how does this work?

Below is the Portrait Session Process. Everything you need to know when hiring Devonvp Photography. Of course, if I don't answer one of your questions, feel free to ask :)

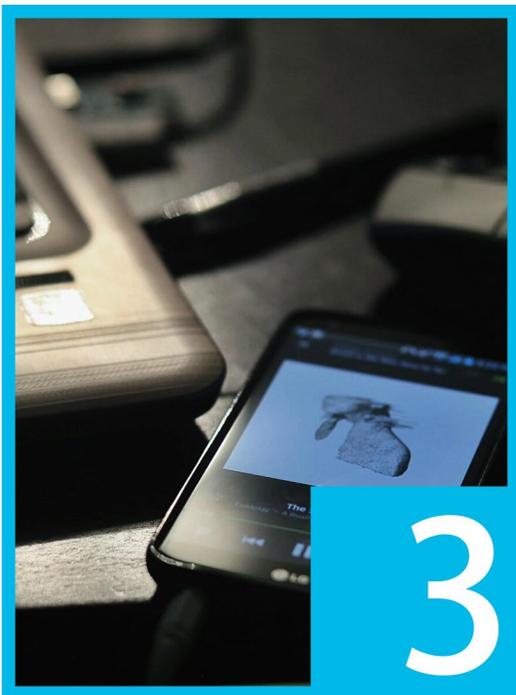

Schedule a Consultation

First step is to schedule your Portrait Session date with me. You can do this over the phone, through email, or even by making an appointment to meet in person. I only photograph close to sunset. After a date and time is agreed, you must make the \$50 deposit in order to finalize your booking. It is recommended that the Portrait session is scheduled 4 weeks prior.

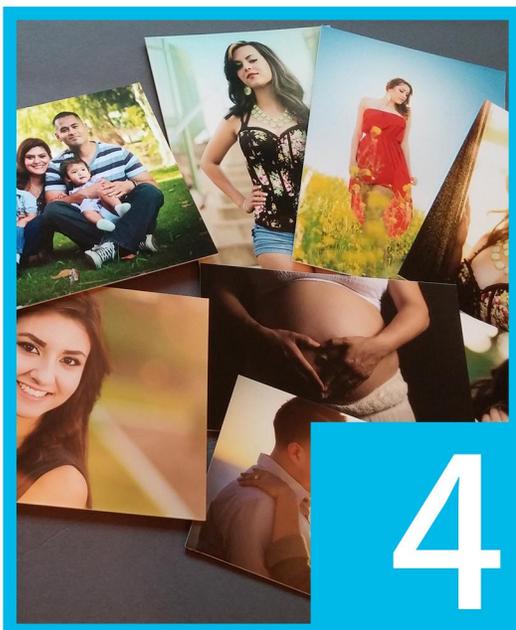

Shooting Day!

Time to get ready! For my style of Portraiture, Natural looking makeup is best. The weather is never set in stone so be prepared for anything. Bring a few different outfits, your hair spray, brush/comb, and some extra makeup. Friends are welcome to provide you with company during your session. When we meet, expect a fun and comfortable experience. It's not always serious business, I enjoy what I do and you'll be able to see it. For each session, allow an additional hour of availability, just in case. Check out my Blog on my website for tips.

After The Shoot

After the day is over, I'll spend the next two weeks processing your photos. This includes fixing minor errors in photos, correcting color temperature and exposure, straightening composition, and dumping any photos that were unrepairable (ie. Eyes closed, over/under exposed, bad crop, etc). As you may already know, I'm a Specialist at what I do and thus have a very high standard for the quality of the photos that I inevitably present to my clients. You will only get the best of the best. Each of my Portrait Sessions notes an expected* amount of photos/poses that are available for purchase. No amount is guaranteed.

Consultation Time

Once I've finished processing your photos, I'll then contact you to schedule a consultation where you will be able to view the final product and also take a look at my print products. This will take place at my office in Downtown Rialto. This is also the best time to make a Print order. If you decide that you do not like your photos, just let me know and I will arrange for a full refund. All sales are final after the consultation has ended. Any ordered prints should arrive at your home within 5 to 7 business days.

These are the most basic prints I offer, yet I can almost guarantee that you haven't seen prints like these before, but I've already given you a solid guarantee. These unique prints will surprise any person who has the chance to ever see them. Frame them in front of your door and you'll have trouble keeping the attention of any house guest as their eyes become fixed on the sparkly look of your family's faces on these awesome Metallic prints.

Print Wraps are the modern answer to replace the traditional Canvas Prints. They're a wonderful way to give dimension to your photos and a fun way to decorate your home.

Features

- Printed on Metallic Photo Paper.
- Laminated for protection and a soft matte feel.
- Mounting block on back, extending the print away from the wall for floating effect.
- Not so useful as a weapon. More of a pillow.
